# FULLTEXT SOURCES ONLINE

## F S O January 2007 & July 2007

**REACH** over **3,000** librarians and researchers who search online vendors daily. Published twice per year, the **FSO** directory lists over 33,000 newspapers, journals, magazines, newsletters and newswires as well as transcripts of TV and radio programs found online from the major online vendors. Over 2100 Open Access Journals are now included as well. All are available in **FULL TEXT**, no abstracts. Publisher's websites - over 25,400 - are also included.

Periodicals are listed alphabetically in the main section of the book, with ISSN's, if available. Under each title entry are the aggregators and the databases that carry the title online in full text, along with dates of coverage. Also provided are notations of the frequency or lag times of titles appearing online, whether or not coverage is complete or selected, and the publication's web site with archives. Subject, geographic and language indexes are included, plus a section listing publications on the internet. Your ad in **FSO** will reach librarians working with this vital tool.
