Figures and Tables	x
Foreword , by William H. Dutton	xi
Acknowledgments	xvii
Preface	xix
CHAPTER 1	
Introduction to Social Informatics	1
1.1 The Disconnection Between Popular and Scholarly Discussion	1
1.2 Defining Social Informatics	5
1.3 The Value of Social Informatics	8
CHAPTER 2	
The Consequences of ICTs for Organizations and Social Life . . .	13
2.1 The Social Nature of ICTs	16
2.1.1 ICTs Are Interpreted and Used in Different Ways by Different People	16
2.1.2 ICTs Enable and Constrain Social Actions and Social Relationships	20
2.1.3 ICTs Provide a Means to Alter Existing Control Structures . . .	21
2.1.4 There Can Be Negative Consequences of ICT Developments for Some Stakeholders	23
2.2 The Technical Nature of ICTs	26
2.2.1 ICTs Play Both Communicative and Computational Roles . . .	26
2.2.2 There Are Important Temporal and Spatial Dimensions of ICT Consequences	27
2.2.3 ICTs Rarely Cause Social Transformations	28
2.3 The Institutional Nature of ICTs	29
2.3.1 Social and Technical Consequences Are Embedded in Institutional Contexts	29
2.3.2 ICTs Often Have Important Political Consequences	29
CHAPTER 3	
Social Informatics for Designers, Developers, and Implementers of ICT-Based Systems	33

vi Understanding and Communicating Social Informatics

3.1 Understanding the Social Design of ICTs	33
3.1.1 The Historical Premise of Designer-Focused Systems	33
3.1.2 The Configurational Nature of ICT-Based Systems	35
3.1.3 Usability Is a Partial Response to Designer-Focused Approaches	37
3.2 Principles for Social Design	38
3.2.1 Social Design Compared to Designer-Focused Approaches . .	38
3.2.2 Designing for a Heterogeneity of Uses, People, Contexts, and Data	41
3.2.3 The Designing of ICTs Continues During Their Use	46
3.2.4 There Is Agency in the Design and Deployment of ICTs	48

CHAPTER 4

Social Informatics for ICT Policy Analysts 51

4.1 How Can Social Informatics Contribute to ICT Policy Analysts' Work?	52
4.1.1 How Social Informatics Can Help	53
4.1.2 Contemporary Policy Issues from a Social Informatics Perspective	55
4.1.2.1 Notebook Computers Replacing Textbooks	56
4.2 A Historical View of Social Informatics-Oriented Policy Analysis . .	62
4.2.1 U.S. ICT Policy (1970–Present)	62
4.2.1.1 U.S. Congress's Office of Technology Assessment	62
4.2.1.2 The Computer Science and Telecommunications Board	65
4.2.1.3 President's Information Technology Advisory Committee	70
4.2.1.4 U.S. Department of Commerce	71
4.2.2 Private ICT Research Institutes in the 1990s	74
4.2.3 European ICT Policy Analysis (1985–Present)	75
4.2.3.1 The United Kingdom's Programme on Information and Communication Technologies	75
4.2.3.2 European Commission's Information Society Project Office in the 1990s	77
4.3 ICT Policy Analysis in the Next Decades	80

CHAPTER 5

Teaching Key Ideas of Social Informatics 83

5.1 Why Teach Social Informatics?	83
---	----

5.1.1 Social Informatics Teaching in the Context of Broad Trends in Science-Oriented Education 84

5.2 Summarizing the Teaching of Social Informatics 88

5.2.1 Current Status of Teaching Social Informatics 89

5.2.2 Issues with the Current Status of Teaching Social Informatics 90

5.3 Teaching Social Informatics 92

5.3.1 Key Social Informatics Ideas 92

5.3.1.1 The Context of ICT Use Directly Affects Their Meanings and Roles 92

5.3.1.2 ICTs Are Not Value Neutral: Their Use Creates Winners and Losers 92

5.3.1.3 ICT Use Leads to Multiple, and Often Paradoxical, Effects 93

5.3.1.4 ICT Use Has Ethical Aspects 93

5.3.1.5 ICTs Are Configurable 94

5.3.1.6 ICTs Follow Trajectories 94

5.3.1.7 Co-Evolution of ICT System Design/Development/Use 95

5.3.2 Tailoring Social Informatics Concepts for Specific Curricular Purposes 95

5.3.3 Social Informatics as Informed Critical Thinking 96

5.3.4 Issues with Teaching Social Informatics 98

5.3.4.1 Motivating Contemporary ICT-Oriented Educators to Value (and Include) Social Informatics Concepts and Techniques in the Curriculum 98

5.3.4.2 Difficulties with Synthesizing Social Informatics Literature That Is Mostly Research-Based and Spread Across Numerous Disciplines 99

5.3.4.3 Issues with Helping Students Integrate Social Informatics Concepts and Techniques with Their Own Experiences 100

5.3.4.4 Dealing with Existing Mental Models That Students Bring to Social Informatics Topics 100

5.4 Recommendations 100

CHAPTER 6

Communicating Social Informatics Research to Professional and Research Communities 105

6.1 Learning from Organizational and Social Informatics 106

viii Understanding and Communicating Social Informatics

6.2 Audience	107
6.3 Communicating to ICT Professional Audiences	109
6.3.1 Perceptions of the Relevance of Social Informatics Research	113
6.3.2 Competition for the Attention of the ICT Professional Audience	117
6.3.3 Strategies for Communicating to ICT Professional Audiences	119
6.3.3.1 Learning About ICT Professionals	120
6.3.3.2 Redesigning the Research Focus	122
6.3.3.3 Publicizing Social Informatics Research to the ICT Professional Audience	125
6.3.3.4 Holding Regular Forums That Bring Academics Together with ICT Professionals	126
6.3.3.5 Providing Continuing Education for ICT Professionals	128
6.3.3.6 Creating Research-Based “ICT Extension Services”	129
6.3.3.7 Managing Competition with Research and Consulting Firms	131
6.4 Communicating to Academic and Research Communities	133
6.4.1 Audience	133
6.4.2 Challenges of Communicating to Academic and Research Communities	134
6.4.3 Strategies for Improving Communication with Other Academic and Research Communities	135
6.4.3.1 Raising the Profile of Social Informatics Research	136
6.4.3.2 Increasing Publishing Options for Social Informatics Research	138
6.4.3.3 Taking Advantage of Easy Access to Networked Digital Information About Social Informatics	139
6.4.3.4 Research Initiatives to Raise the Profile of Social Informatics	140
6.4.3.5 Increasing Institutional Support for Social Informatics Research	141
6.5 Raising the Visibility of Social Informatics	142

CHAPTER 7

Conclusions	145
7.1 Summary of Findings, Concepts, and Issues	146
7.1.1 ICTs Are Socially Shaped	146

7.1.2 Problem-Oriented Nature of Social Informatics Research . . .	146
7.1.3 People Are Social Actors	147
7.1.4 ICT Use Is Situated and Contextually Dependent	147
7.2 Specific Relevance to Particular Domains of Interest	148
7.2.1 Social Informatics Relative to Designing, Developing, and Implementing ICTs	148
7.2.2 Social Informatics Relative to Information and ICT Policy Making	149
7.2.3 Social Informatics in ICT-Oriented Formal Education	149
7.3 Moving from Collecting Findings to Theorizing About ICTs	150
7.3.1 Institutional Nature of ICTs	151
7.3.2 Conceptualizing Computing from a Social Informatics Perspective	151
7.4 Social Informatics as a Professional Obligation	152
7.5 Taking Social Informatics Seriously	153
