

Dear Colleague:

Enclosed is your Invitation to Exhibit for the 9th Annual Internet Librarian conference and exhibition, which will be held October 24–26, 2005, at the Monterey Conference Center in Monterey, California. Internet Librarian is the conference and exhibition for librarians and information professionals interested in Internet and technology-based products and services.

Internet Librarian is the *only* conference focused on bringing the latest Internet tools and techniques to librarians and information managers. More than 1,000 librarians and information professionals from academic, corporate, public, government, and other types of library settings were in attendance at last year's conference. This conference attracts a national audience that is highly qualified as buyers of Internet and electronic information products and services. This makes Internet Librarian the most cost-effective way to showcase your products and interact with both existing and potential customers.

We at Information Today, Inc. would like to thank you for your time and hope to see you at this exciting event. **We accept telephone reservations and will hold your booth for 10 days pending receipt of the contract and deposit.** Call or fax either Mike Zarrello, or David Panara at the number below.

We look forward to hearing from you.

Sincerely,

A handwritten signature in cursive script that reads "Carol Nixon".
